

Limited Lifetime Warranty

SIG Skylights

Beautiful. Durable. Smart.

We want happy customers! If you, the purchaser or owner of this skylight, are dissatisfied with the product for any reason, please contact us and we will try to make things right for you.

Our skylights are warranted against defects in materials and workmanship for the lifetime of the installation. **The insulated glass units in the skylights have a five year warranty against defects in the glass or the seal between the glass panes.** If the skylight or insulated glass unit (IGU) is defective, we will supply another skylight or IGU of the same or similar size, type and quality, if possible, or reimburse the owner or purchaser the original cost of the skylight.

Improper installation or improper use of the skylight negates the warranty. Consequential damages are excluded. Liability of the manufacturer shall not exceed the original cost of the skylight.
